

The latest news on what's powering our neighborhoods

We'll let you know when the power is out

Now you can be notified about power outages, even when you're away from home. With outage communications we'll notify you:

- if your power is out
- your estimated restoration time
- status updates
- when your power has been restored

Plus, you get to decide how you'd like to be alerted—by phone, email, text or all three.

All you need is a myPSE account.

If you already have a myPSE account, simply sign in to verify that we have your most current contact information. If you don't have a myPSE account, now's the time! Go to [myPSE](#) to create an account.

Blocked sewer? Call PSE, or ask your plumber to call

If you experience a sewer blockage outside the walls of your house, call PSE when your plumber is on their way to clear it. Or have your plumber call.

Natural gas lines have inadvertently been installed through some sewer and septic lines. Clearing them with a cutting tool could break the gas line, allowing gas into your house and creating a dangerous situation. PSE will meet your plumber on site—for free—to make sure the sewer or septic line is safe to clear.

This can happen to homes not served by natural gas. Don't take a chance. Before your plumber clears an exterior blockage, either you or they should call PSE at **1-888-225-5773**.

Gift of warmth

During the holiday season, consider donating to The Salvation Army Warm Home Fund, which provides short-term, emergency bill payment assistance to PSE customers facing financial difficulties. To donate to the Warm Home Fund, include a little extra in your next PSE bill payment and specify the donation amount.
