

2014 Renewable Energy Report Card

From the renewable energy generated at Puget Sound Energy-owned wind power facilities as well as what is purchased from independent power producers, we are on track to meet and exceed the required 3 percent renewable energy target by year-end 2014. The target is based on the average amount of electricity PSE customers used the prior two years.

The costs associated with the generated renewable energy and renewable energy credits for 2014 are \$27.8 million.

Puget Sound Energy 2014 renewable energy target progress report card*

	2013	2014	Total
Target percentage	3%	3%	N/A
Approved renewable energy target	639,514 MWh	635,202 MWh	1,274,716 MWh
Available renewable energy resources	639,514 MWh	635,202 MWh	1,274,716 MWh

* As required by the Energy Independence Act of Washington State
